## Quality of Medicine and Service

We do business on the belief that the  
ethical doctor really wants the best medi-  
cines and the best service.

We believe alkaloids, glucosides, resinoids surpass galenicals every  
day in the week. We believe no one surpasses us in making them in  
delicate coated granules, readily soluble in the fluids of the stomach  
and bowels. As to service, give us an order and watch how quick we  
fill it. Delivery paid on cash orders. Full price list sent for the asking.

**Special:** Send one dollar (check, stamps or bill), mention this Journal,  
and get a 12-vial filled pocket case.
